

Meet Our Team:

Chef Jeffrey Mora - CEO

Jeffrey has spent his career of more than 30 years in food service production and operations. He has worked across the country and around the globe in more than 20 countries. He successfully created and executed the food service plans for many thriving regional airports starting with the Burbank Airport where the idea of Food Fleet originated. Jeffrey's focus has been on serving clean, safe and sustainable food across all segments of hospitality from quick service kiosks to school campuses to world class fine dining restaurants. Jeff works daily with our clients and our food trucks to optimize efficiencies, enhance food safety and create memorable food solutions for the consumer.
